Part 3

I like to take a walk. Usually I walk along the river for about 40 minutes. There are no cars and not many people, so it is quiet. All I hear is the sound of the river, the wind in the trees, and sometimes the call of a bird. A few times I have seen a fox, and once I saw a deer. It is very peaceful, and in summer it is cool because there are many trees. The best time for a walk is at the end of the day just before sunset. After it has rained a lot, the color of the river water changes to brown, and the water runs very fast. In winter it's impossible to take a walk because there is too much snow on the ground. I'm looking forward to the month of May when the snow will be gone, and I can enjoy taking a walk again.
